BACKGROUND:

The MPSC Agreement, Section II.C.1., states that an applicant will be considered eligible whose family income is at or below 200 percent of the poverty line as established by U.S. Department of Health and Human Services and published in the Community Services Policy Manual.

POLICY:

Automatic Income Eligibility

A household is automatically income-eligible for MPSC funds in the following instances:

- The local FIA office has determined the household to be income-eligible for the SER program in the last 30 days.
- The household currently receives Family Independence Program (FIP) assistance.

The agency must include documentation supporting the automatic income eligibility in the client file.

Income Eligibility Determination

The MPSC income maximum is 200 percent of poverty. (See chart below.) Income eligibility is based on the total amount of household income expected to be received in the next 30 days. The 30-day period includes the date of application.

INCOME COMPUTATIONS

Establish the MPSC income computation period and determine the household's countable income for the period.

Computation Period: The MPSC income computation period is 30 days in the future. The 30 day period begins the date the agency receives a signed application for emergency assistance.

EXAMPLE 1: On March 16 the client signs an application at the agency requesting emergency utility assistance. The income computation period is March 16 through April 14. (March has 31 days.)

EXAMPLE 2: On August 15 the outreach worker interviews the client in the client's home and receives a signed emergency assistance application. The income computation period is August 15 through September 14.

Countable Income: Verify and determine all non-excluded income the household expects to receive during the income computation period.

DOCUMENTATION OF INCOME

Projected income must be thoroughly documented. The following items are acceptable documentation:

- Copies of paychecks or pay stubs;
- Written statements from employers;
- Letters or other documents from income sources (e.g. FIA, Social Security, VA), if dated within the last 60 days;
- Unemployment Compensation Benefit check stubs;
- If self-employed, accounting and other business records showing net income;
- Self-declaration of applicant, but only as a last resort;
- Other documents the program operator has reason to believe will verify the projected income of the household member(s).

Note: Agencies CANNOT require that a household be denied assistance by the FIA local office or any other service provider as a condition of eligibility.

RESOLVING THE EMERGENCY

It is the intent of this program that payments are made only if they resolve the household's emergency. Payment should be authorized only when the payment will restore or continue the household's heat or utility service for at least 30 days.

CLIENT FILE

Agencies must maintain a client file for all recipients of MPSC funds. At a minimum, the file must include:

- **For All Households Served:**

It is the intent that payments made by the CAA will resolve the client emergency. The client file must include an explanation of how this is accomplished. Refer to the following examples for the types of explanations required:

Example #1:

The client has a shut-off notice showing an amount owed of \$500. The CAA has a shut off payment limit of \$250. The client can pay \$100. Another local agency will pay the additional \$150.

The client file must include a note that explains how the \$500 amount was paid.

Example #2:

The client has had the electric service shut off. The CAA is working with the local utility provider to reinstate service. The client has a bill totaling \$1250. The utility company agrees to reinstate service if \$500 is paid immediately and the client agrees to a payment plan for the additional \$750 owed. The \$750 is to be paid at \$50 each month over the next 15 months.

The client file must include the amount the CAA paid toward the shut-off, the amount the utility company agreed to accept on a payment plan, the specifics of the plan, e.g. the client will pay \$50 per month for the next 15 months. The file must also include confirmation from the client that he/she has the ability to meet these payments.

- **For Automatically Income-Eligible Households:**

1. A copy of the agency's client services application. The client and the intake worker must sign the application.

2. A copy of the FIA-1419, Decision Notice, State Emergency Relief (SER) and Energy Programs that indicates the household was determined SER income eligible within the last 30 days. This notice may indicate that the client was approved or denied SER services. If denied, the notice must indicate that the household was determined SER income eligible and denied due to other program eligibility factors; e.g. excess assets, did not meet required payments, non-affordability, etc. **OR** in lieu of the copy of the FIA-1419, agency staff may document phone confirmation with FIA staff that verifies the household was determined SER income eligible within the last 30 days; or

Documentation from FIA that the applicant is currently receiving FIP.

3. The type and dollar value of the benefits provided.
4. Demonstration of Need (See Attachment B).

- **For all other households:**

1. A copy of the agency's client services application. The application must identify each member of the household as well as income sources and amounts for each member of the household being served. The client and the intake worker must sign the application.
2. A copy of all documents used to determine income eligibility; including self-declarations and documented phone conversations with caseworkers.
3. **All** calculations for each income source for the next 30 days.
4. The type and dollar value of the benefits provided.
5. Demonstration of Need (See Attachment B).
